

clock_start

```
graph LR; A[clock_start] --> B[platform_get_absolute_time]
```

A diagram showing a call from a function to another function. On the left, a gray rectangular box contains the text 'clock_start'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'platform_get_absolute_time'.

platform_get_absolute_time
